

Making a Poster

1. On a blank piece of paper make your plan for a book poster by including the following information:
 - Book title
 - Author
 - An illustration which represents the key idea of your book
 - A brief summary of the book
2. Share your plan with a partner and tell them:
 - What your book is about
 - What you liked and or disliked about the book
3. Have your partner tell you if your plan represents what your book is about. Make any necessary adjustments to your plan based on your partner's suggestions.
4. Transfer your plan to a poster-size piece of paper.
Be sure to:
 - Print neatly and clearly
 - Make your drawings attractive and colourful
 - Outline letters and drawings with a black fine-line marker so they will stand out
